Advanced Skin Services*

Pro Power Peel With Led Light And/Or Touch Therapy

The Pro Power Peel treatment redefines the peel experience. Dermalogica's strongest and fastest peel yet, the Pro Power Peel collection features a full suite of peel products, including Alpha Hydroxy Acids (AHAs) and Beta Hydroxy Acids (BHAs). A customised peel to instantly rejuvenate and refresh your skin. With a unique system of different acids for a deep exfoliation personalised to you, it is ideal to target lines and wrinkles, uneven pigmentation or breakouts. Incorporating a deep treatment process of powerful IonActive Serum, LED light therapy and a customised masque, your skin is left clear, smooth and glowing.

Single / x 3
60 mins: £90 / £245

Advanced Skin Services*

Luminfusion

NEW
Achieve visibly smoother & brighter skin texture with zero downtime! Dermalogica's exclusive Nanoneedling technique incorporates a unique device, which uses tiny cones to maximise product penetration. Using a mechanical action, it pummels the skin to break down the skin cells whilst working over multiple layers of exfoliation. It includes skin resurfacing actives and professional serums that enhances their infusion into the skin. Ends with LED light therapy
Single / x 3
for the ultimate glow!
60 minutes: £115 / £310

Pro Micro Needling

NEW
Microneedling activates the skins repair process and collagen production. This minimally invasive treatment uses the most advanced techniques and is elevated with a chemical peel to target dark spots, dull skin, wrinkles and pores. This micro-injury service is used alongside Dermalogica's professional only formula, Pro Restore which you'll be given as part of your after care. This Pro formula helps strengthen the skin, reduce downtime,
Single / x 3
and amplify your results.
60 minutes: £155 / £415

LED Light Therapy

NEW
LED Light Therapy can enhance any skin treatment but is also a powerful stand-alone skin treatment in itself. LED light therapy works with different coloured lights that reach different levels of the skin, stimulating cellular activity, blood circulation and collagen production, whilst creating ATP synthesis and normalising the cells to treat any existing conditions that concern you. Perfect for a quick skin boost! LED light therapy has many skin benefits including clearing, brightening, reducing fine lines and signs of ageing, improving dull skin tone, sun spots, breakouts/acne, and can calm skin conditions like eczema. There's not a skin concern that doesn't benefit from LED.

(Included in the Pro Power Peel & Luminfusion and can be added to any other)
30 mins stand alone treatment: £40
Course of 6: £200 (paying for 5)
20 minutes add on: £25

*Patch tests and consultations will need to take place prior to the treatment.
